

## Our VFW Post 4534 US1 Clean Up Volunteers – July 2023

**Thank you to our volunteers**

### **VFW Post 4534 Adopt a Highway – July 2023**

Our VFW post volunteers quarterly to help keep US Highway 1 clean from Barnes Blvd to Eyster Blvd. This is approximately a 3 mile stretch that runs in front of our post. July 16<sup>th</sup> was our third quarterly clean up. We had 15 volunteers show up at 6 AM on that hot July morning in Florida. Some of our volunteers are in their mid-80's. Quite a tribute to the shape they keep themselves in. The DOT furnishes our volunteers with bright orange reflective vest to wear. We have committed to doing this once a quarter. There are signs posted on Highway 1 at Barnes and Eyster indicating our VFW Post #4534 has adopted this section of the highway to help keep it clean. Thank you to all our volunteers that showed up on that hot humid day where the temperatures reached the mid to upper 90's. We will be posting our next clean up date sometime next quarter and will again be looking for volunteers.

Thank you,

Mac McCluskey  
Commander
